How customers can participate

	Compatibility	Activation	Participation	Discount
 <p>Plug in the device</p>	1996 and newer, device-compatible vehicles	The device must be installed within 45 days of enrollment and remain plugged into the vehicle.	Trip data is collected for each enrolled vehicle.	The discount applies to enrolled vehicles only.

SmartRide program criteria differ in California and North Carolina. Stated discounts are approximations. Discounts do not apply to all coverage elements; actual savings vary by state, coverage selections, rating factors and policy changes. Enrollment discount applies during data collection; final discount is calculated on driving behavior and could be zero. Final discount applies at the next policy renewal and is subject to change based upon actuarial support at subsequent renewals or with changes in drivers or vehicles on the policy.
