SmartRide® customer experience overview in New York

Customers who enroll in SmartRide® get 10% off for enrolling and up to 25%* off at renewal based on their safe driving behavior.

Customers can participate via an in-car device:

In-car DEVICE

1. We'll send a small device for their car within 10 days of signing up.
2. The customer plugs in the device and keeps it plugged in as long as they're participating in the program.
3. Customers go online to track their discount and get personalized driving feedback.
4. We'll let them know when it's time to send back the device. The final discount will apply to enrolled vehicles at renewal.

Talk to your customers about participating in SmartRide.

Contact your sales manager to learn more.

Products are underwritten by Nationwide Mutual Insurance Company and affiliated companies, Columbus, Ohio. Availability varies.

SmartRide program criteria differ in California and North Carolina. Stated discounts are approximations. Discounts do not apply to all coverage elements; actual savings vary by state, coverage selections, rating factors and policy changes. The enrollment discount applies during data collection; the final discount is calculated on driving behavior and could be zero. The final discount applies at the next policy renewal and is subject to change based upon actuarial support at subsequent renewals or with changes in drivers or vehicles on the policy.
