FINANCIAL SERVICES ACTUARIAL ROTATION PROGRAM

BE SOMETHING GREAT AS AN ACTUARY

As a Financial Services Actuarial Rotation Program participant, expect an exciting, challenging experience where you learn something new every day. Expect a group of associates who combine support with a strong work ethic. Expect an experience that will kickstart your career in the actuarial field.

A program for your success.

The Nationwide® Financial Services Actuarial Rotation Program is a three-year program in Columbus, Ohio designed to expose developing actuarial talent to the kind of tasks, concepts and products that will help drive development and career opportunities. Associates will get to focus on developing their actuarial skills in a variety of business units and functions. Product lines featured in the Actuarial department include life insurance, annuities and retirement plans.

Your benefits.

- **Opportunity to discover your strengths and interests.** Three one-year rotations in different areas of the financial services actuarial department will expose you to a variety of actuarial concepts and roles. Discover the areas of actuarial work you like the best for your career at Nationwide.
- **Developmental training.** You'll receive extensive training in actuarial concepts, actuarial software and in the products we sell.
- **Exam study hours.** Nationwide has an industry-competitive actuarial associates program, offering generous study hour benefits to help prepare you for actuarial examinations.
- **Career development.** In addition to working for three separate actuarial teams, you'll have networking opportunities with 150+ actuarial associates with diverse backgrounds who can help you determine what career path is best for you.
- **Competitive exam compensation.** Receive raises for passing actuarial exams, completing modules and attaining actuarial designations, and earn bonuses for passing exams on the first attempt. Additionally, Nationwide will pay for exam fees and study materials.

We're looking for our future leaders.

And we mean it. If you're passionate about the actuarial field and believe you have the potential to be something great, let's talk.

Qualifications:

Candidates with an undergraduate degree in Actuarial Science, Mathematics, Statistics or have a similar background in modeling, programming or quantitative analysis

Superior academic achievement

Demonstrated leadership and a desire to create value for Nationwide

Communication and analytical skills

The ability to think strategically and critically
