Medical Expense Benefit

If, as a result of injury, an insured incurs covered expenses starting within 90 days from the date of the accident causing the injury, we will pay, less the deductible (if any) shown in the application and not to exceed the overall maximum benefit amount, all covered expenses incurred within 3 years from such date.

Covered expenses mean the reasonable and customary charges for local ("local" not applicable in a CT contract) professional ambulance service to or from a hospital and/or surgical center as well as the following reasonable and customary charges for treatment, services and supplies provided or prescribed by a doctor:

- (1) hospital or surgical center care;
- (2) medical treatment;
- (3) nursing care provided by a licensed nurse;
- (4) X-rays and lab exams;
- (5) prescription drugs and therapeutic services and supplies;
- (6) dental treatment as a result of injury to sound, natural teeth (natural teeth in SC);
- (7) the following licensed home health care agency services and supplies provided instead of an otherwise required hospital or skilled nursing home confinement:
 - (a) physical, occupational, respiratory and speech therapy;
 - (b) the services of a home health aide; and
 - (c) medical supplies.

If excess medical has been elected, we will not pay benefits for, nor can this plan's deductible (if any) be satisfied by, covered expenses to the extent that they are collectible under certain other policies and/or health plans as stated in the policy.

Coverage is provided under policy form No. GR-9041 et al.

Certain provisions of the policy are summarized in this brochure. All benefits are subject to the policy, which alone constitutes the agreement under which payments are made.

Death and Specific Loss Benefit

If, as a result of injury, an insured dies or suffers a specific loss within one year from the date of the accident causing the injury, we will pay a benefit as specified below: (the one year limit does not apply to the loss of life benefit in a PA or WV contract.)

Specific Loss	% of Face Amount
Each Arm	75%
Each Leg	75%
Each Hand	50%
Each Foot	50%
Sight of Each Eye	50%
Speech	50%
Hearing of Each Ear	25%
Thumb and Index Finger of Same Hand	25%

The total payment for all of the losses of an insured because of any one accident will not be more than the face amount shown in the application. The loss of the thumb and index finger of the same hand benefit will not be paid if the loss of the hand or arm benefit applies. The loss of the hand or foot benefit will not be paid if the loss of the arm or leg benefit applies.

Policy Exclusions and Limitations

We will not pay benefits for expenses incurred for:

- (1) the examination, prescription, purchase or fitting of eyeglasses, contact lenses or hearing aids; or
- (2) treatment by a person employed or retained by the plan sponsor or its subsidiaries or affiliates and for which no charge is normally made; or
- (3) care or treatment by a person who ordinarily lives in the insured's home or is a parent, grandparent, spouse, brother, sister or child of either the insured or the insured's spouse (if a NJ contract, care or treatment furnished by a member of the insured's immediate family); or
- (4) diathermy, light, shortwave and other heat or physiotherapy treatments in excess of the first five of all such treatments while the insured is neither hospital confined nor under the care of a home health care agency.

Nor will we pay benefits for loss or expenses resulting from:

- (5) intentional self-destruction or an attempt at it or intentional self-inflicted injury (if a MO contract, while sane); or
- (6) war or an act of war, declared or undeclared; or
- (7) air travel unless the insured is a passenger on a regularly scheduled flight of a properly licensed commercial airline.
